A BACKYARD GREENHOUSE WITH INTEGRATED SHELVING.

Quality all-steel construction at an exceptional value.

1" / 2,5 cm high-grade steel frame with premium powder coat finish resists chipping, peeling, rust and corrosion.

Triple-layer, heat bonded ripstop translucent cover is waterproof and UV-treated inside and out. Provides enhanced illumination designed specifically for plant growth and protection.

Screen vents at both ends provide airflow and temperature control.

Bolt together crossrails and tie wrap fasteners lock down cover and square up frame.

4ft. / 1,2 m shelving on both sides for built-in staging of plants. Metal grid allows for proper drainage.
